In our ongoing quest to provide the highest quality products for our customers, our designs and specifications are subject to change without notice.

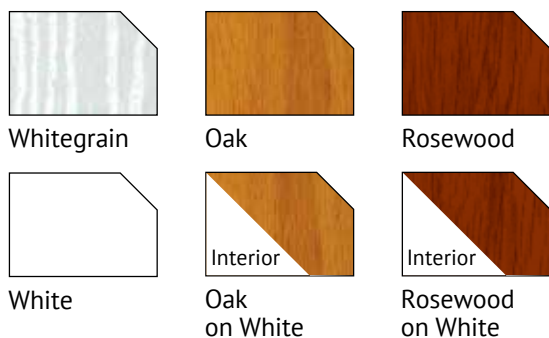

## HARDWARE OPTIONS

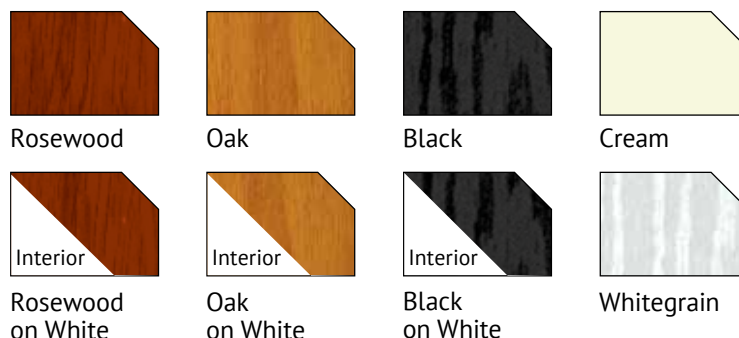

## STANDARD FINISHES

A select range of hardware finishes are available to suit contemporary or traditional installations.

### PlatinumNRG<sup>®</sup> Chamfered

### PlatinumNRG<sup>®</sup> Sculptured

## OPTIONAL FINISHES

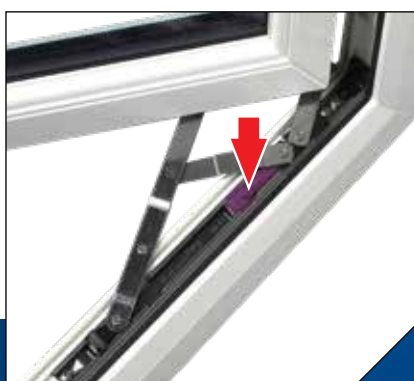

A wide range of woodgrain and coloured-foil options are available for either or both internal and external faces or even differing frames and sashes.

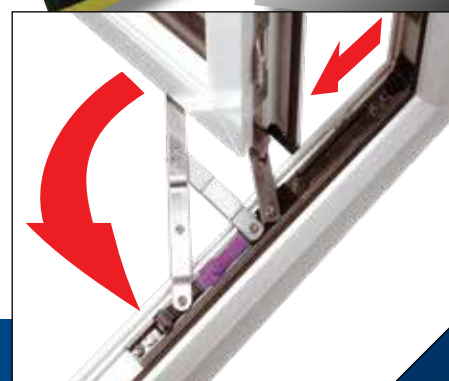

## STANDARD Easy-Clean Hinges

The Easy-Clean hinges enable the sash to be opened at 90 degrees

By pressing down on the purple button, the sash is released and can slide along its hinge runner

This now gives access to the front of the sash from indoors for cleaning.

# slimSASH

Fusion-welded frame

Ultra-low profile glazing gasket means gasket is almost invisible

Adjustable friction stays for top-hung windows.  
Easy-clean/ fire escape friction stays for side-hung windows

High security, multi-point locking system comprising of roller-cam bolts, twin shoot-bolts and optional hinge bolts

Push-button, key lockable handles, available in a choice of colours incorporating an additional, lockable night vent position

A choice of either black, white or grey, warm edge spacer bar

Slimline profile minimises the frame thickness and maximises the glass area

High-impact modified PVCu to prevent cracking with age or extreme cold

Internally glazed for enhanced security

Double-glazed unit uses clear **SGG Planitherm TOTAL+** energy glass, to achieve maximum amounts of incoming light, and an 'A' Energy Rating

In our ongoing quest to provide the highest quality products for our customers, our designs and specifications are subject to change without notice.

The key-feature of the PlatinumNRG<sup>®</sup> SlimSASH casement window is the reduced sash width compared to standard 70mm windows.

This slimmer design allows for a greater glass area meaning more daylight coming in and a better view out.

## NEW slimSASH PROFILE

Slimmer sash allows an extra 10mm of glass thereby increasing your view from the inside and the amount of light coming in from the outside.

## GLOSS FINISH

Polished finish reduces cleaning and maintenance and retains a cleaner look for longer, helping resist airborne pollutants and moulds

## HIGH TECHNOLOGY

High-tech 6-chamber design intelligently uses structural PVCu for high strength in both the sash and the frame

## CHOICE OF FINISHES

A selection of standard colours or an extensive range of pre-finished foils are available

## 100% LEAD FREE PVCu

Completely free of poisonous lead stabilisers

## TRIPLE GLAZING

Also available with a triple-glazed sealed unit

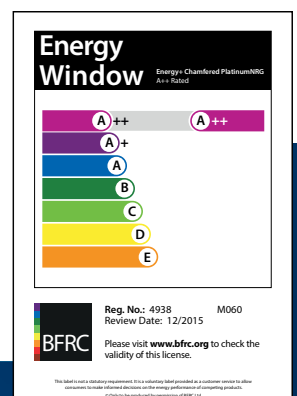

## ENERGY EFFICIENCY\*

KEEPING THE  
HEAT IN

KEEPING THE  
COLD OUT

PlatinumNRG<sup>®</sup> SlimSASH is one of the best performing products on the market, taking full advantage of the increased thermal efficiency offered by its six chamber profile.
